DAILY OPERATIONS SECTION ROLL UP REPORT and 209 SitRep

BRANCH: **Emergency Services**

DATE: **October 5, 2017**

- EPA Teams from the Beaumont Branch continued monitoring the LD Construction Co. Oil Spill in Lumberton. The Responsible Party (RP) had a 22 man crew on site today conducting cleanup on one oil-impacted property. Operations today included replacing of all used boom in the water canals of one residential property, placement of absorbent pads on affected water, and removal of affected soil/vegetation. Yard maintenance and placement of sand over damaged portions of any residential property was also done. The RP has begun hauling all contaminated vegetation from all impacted properties to the Beaumont Landfill.
- Characterization and bulking of materials has been completed in the field. Disposal of orphaned containers and the wastes from the Houston Branch is scheduled to be completed by the October 16-18.
- Community Liaison teams and landfill observers have completed their work and are demobing from the field.
- EPA continues to provide contractor assistance to the USCG at the ICP in Corpus Christi for vessel salvage operations.
 - One (1) EPA person at the JFO in Austin (remote)
 - 2 EPA personnel in Corpus Christi (ICP)
 - 1 EPA personnel in Houston (Bravo Branch)
 - Two (2) EPA personnel in the Dallas REOC
